All services provided in the context of family, community and cultural expectations for young children

What to Expect From an Infant/Early Childhood Mental Health Specialist

1. Weekly visits typically in the home, but also offered in the office or community
2. Encouragement and guidance on interacting with your child, ages 0-6
3. Crisis guidance and support
4. Help in understanding your child's development
5. Connecting with your community for support, resources and service coordination

What Services are Provided?

- Home-based services
- Therapeutic services to help caregivers and children ages 0-6 develop healthy relationships
- Therapy to address ongoing concerns such as post-partum depression
- Supportive services for caregivers and infant and/or toddler
- Referrals to community partners
- Education to support healthy growth and development

Who is Eligible?

- Wayne County residents and people with Medicaid
- Pregnant and/or a caregiver with a child between the ages of 0-6 years
- Parent(s) struggling with mental health concerns
- Infants with low birth weight, eating or sleeping difficulties, delays in developmental milestones, infants failing to thrive
- Children ages 0-6 with emotional or behavioral challenges
- Families that have experienced separation from their child
- Families that have experienced trauma or loss
