

CERTIFIED GOLD

# THE DETROIT WAYNE CIT PROGRAM

The Detroit Wayne CIT program has the infrastructure of a mature regional CIT program: a diverse steering community, a very strong 40-hour training program for CIT officers and a strong coordinator team. Recently adopted data sharing agreements will strengthen the program's ability to track the outcomes of crisis encounters.

The program excels at program visibility and public awareness, with an impressive website, newsletters, and public awareness trainings that reach 75,000 people each year.

*Gold: An outstanding program that has met most of the best practice criteria of CIT programming*

DETROIT-WAYNE CIT IS COORDINATED BY DETROIT WAYNE INTEGRATED HEALTH NETWORK.
