The SUD Department is requesting that the PA 2 allocation of \$23,901.14 assigned to Health Emergency Lifeline Program (HELP) be re-assigned to Community Health Awareness Group (CHAG). The HELP Program did not complete the empaneling process. Their contract was terminated.

CHAG will provide highly effective technical assistance that is culturally competent with regard to the needs and experiences of the transgender population and help navigate consumers through the Substance Use and Mental Health Disorder Treatment System. Making sure consumers truly understand the health information and services they receive, especially as related to transgender health, they will promote Human Immunodeficiency Virus (HIV) testing, prevention, education and anti-stigma efforts throughout the Wayne County Area (see Board Action).
