BULLETIN NUMBER: 19-002

ISSUED/REVISED: 05/24/2019 (v.3)

EFFECTIVE: 01/01/2019

SUBJECT: Use of Bundled Authorization Codes

PROVISION OF SERVICE AFFECTED: All services

BACKGROUND

Bundled authorization codes, have historically been utilized for the convenience of staff and efficient processing of authorization requests. When bundled authorization codes are authorized, then all the billing codes contained within the bundle are also authorized. Bundled authorization codes should not be submitted on claims as they will zero-pay; the billing codes should be submitted for payment.

MDHHS recently updated both Autism codes and psychological testing codes resulting in the addition of new bundled authorization codes to MHWIN. Table below lists each bundled authorization code and the billing codes contained within the bundle, as of 01/01/19.
