**RE: Distribution of Person Protection Equipment (PPE)**

The Detroit Wayne Integrated Health Network has secured a limited supply of Person Protection Equipment (PPE) for our Provider Network. At this time, we are coordinating shipment and delivery of gloves, masks and hand sanitation supplies.

DWIHN staff will reach out to your organization to arrange delivery. Our first priority will be to distribute the PPE allocations to our Residential and transitional shelter site provider locations.

As minimal funding has yet to be made available to DWIHN, should your organization be in immediate need during these challenging times, we have reached out to a vendor who can provide some supplies for your organization to purchase. That contact information is: Sami Ahmad [sahmad@orchardtox.com](mailto:sahmad@orchardtox.com). Should we learn of additional suppliers we will certainly pass that information along.

Thank you so much to all our Providers who are going the extra mile during these uncertain and unprecedented times in caring for our most vulnerable population.
