Re: Update - DWIHN 5% Across the Board Provider Rate Increase Implementation

On December 9, 2021, The Detroit Wayne Integrated Health Network (DWIHN) announced a five percent (5%) increase in rates across all fee for service codes with the exception of certain contracts and programs.

In an effort to ensure accuracy and completeness, DWIHN will be working with PCE Inc. to update the MHWIN contract programs to reflect the rate increases on January 1, 2022 therefore providers will begin receiving the additional revenue immediately.

However, all claims submitted for service dates October 1 – December 31, 2021, DWIHN will be retroactively adjusting the claims in April 2022 to allow for the 90 days claims submission extension granted through December 31, 2021; payment will be issued in April 2022. DWIHN will issue future communication on the specific date.

Thank you for your continued patience and we look forward to another successful year.
