**Re:** Intake Period: Approved CPT Codes

---

In response to provide feedback re: authorizations for intakes. Effective 11/3/21, DWIHN has implemented an "Intake Period" in MH-WIN. This intake period will not require authorization for the codes listed below:

**Intake-period Approved Codes:**

H0031, H0032, H0038, H2011, T1001, T1017, T1023, T2003, 90791, 90792, 90839, 99202, 99203, 99204, 99205, 99211, 99212, 99213, 99214, 99215

1. The "intake period" begins on the member's DWIHN **Admission Date**.
2. The "intake period" ends when the member has a signed IPOS or 60 days after the DWIHN Admission Date, whichever comes first.
3. During the "intake period" providers may render and bill for approved services without prior authorization, per medical necessity and limited to MDHHS duplicate thresholds.
4. The approved codes for the "intake period" are listed above.
5. After the "intake period" ends, claims will follow the adjudication rules including authorizations requirements for all services.
