Re: New Rates for selected IDD codes- Effective January 1, 2022

The Detroit Wayne Integrated Health Network (DWIHN) has reviewed the disparities brought to our attention by several children's providers and the following IDD rate changes will occur effective January 1, 2022:

- 90791 Psych Evaluation (No medical service) - \$220 encounter
- 90792 Psych Evaluation (w/ medical service) - \$285 encounter
- H0036 Community Psychiatric support Treatment - \$70/ 15 minutes
- S5111 Family Training - \$120 Encounter

The aforementioned rates will also increase five percent (5%) and remain consistent with the current SED rates, however it will be effective January 1, 2022 as opposed to October 1, 2021. In addition, the SED rate of \$185 for S5111 will be excluded from the 5% rate increase in an effort to ensure consistency with the IDD rate and rates compared to other PIHP's throughout the state.

DWIHN is committed to ensuring consistency and transparency in the network and will continue to review disparities that resulted from the prior MCPN structure.
