RE: Personal Protection Equipment (PPE) Availability and Resources

The Detroit Wayne Integrated Health Network has secured a limited supply of Personal Protection Equipment (PPE) for our Provider Network. Our first priority will be to distribute PPE to our Residential and SUD transitional shelter site provider locations who have depleted their current resources.

DWIHN is working with the Michigan Department of Health and Human Services (MDHHS) and other vendors to secure the necessary PPE for our network. Should your Residential or SUD transitional shelter site be in an immediate need during these challenging times, please contact bblackwell@dwihn.org

Helpful links can be found below where you can obtain needed PPE such as gloves, masks, gowns, hand sanitizer for purchase; as well as other useful information for your organization.

MDHHS has provided guidelines to healthcare providers and facilities including:
   o   How to properly use PPE
   o   How to optimize the use of PPE
   o   If you need help finding PPE for your business, find assistance through the Pure Michigan Business Connect Procurement Platform (PMBC)
https://www.michigan.gov/coronavirus/0,9753,7-406-98810-524180--,00.html

PMBC COVID-19 PROCUREMENT PLATFORM
PMBC is offering a procurement program to assist businesses in accessing non-medical grade PPE to keep their employees and customers safe as they begin resuming in-person operations, as is required by Executive Order 2020-97.

Thank you so much to all our Providers who are going the extra mile during these challenging times in caring for our most vulnerable population.
