Re: **Detroit Wayne Integrated Health Network Accredited Provider Credentialing Alerts**

All accredited Behavioral Health or Substance Use Disorder providers are DWIHN delegates that are required to credential clinicians employed by your organization. As a DWIHN delegate you must ensure that written notice and an appeal process are provided when an adverse credentialing decision is made. In addition, notification of that event must be submitted to pihpcredentialing@dwihn.org a secure email. You will receive an email within 24 hours during the work week indicating receipt of the document. This process must be included in your Credentialing policy and it will be monitored by the Credentialing Unit.
