Re: \$2.00/hr. Peer Service Rate Increase

Detroit Wayne Integrated Health Network (DWIHN) recognizes the importance of utilizing peers in the service delivery system. DWIHN wishes to encourage peer services and as such announced that effective October 1, 2022, rates for these peer services are being increased by \$2.12/hr.: \$2.00/hr. of this will be passed through as additional compensation directly to the peers and the additional \$0.12/hr. goes to provider taxes and related expenses.

Revised fee schedules will be posted on the website by the close of business Tuesday, March 7, 2023. Claims for services with dates of service effective March 1, 2023 going forward should be submitted with the increased rates for H0038 and H0046. Currently Assertive Community Treatment (ACT) providers receive a PMPM; DWIHN will incorporate the incremental increase related to Peers based upon the encounters submitted and adjust the monthly PMPM payment accordingly.

In the event a provider wishes to opt out, please contact sdurant@dwihn.org and your organization's fee schedule will be reduced to reflect the opt out.

Thank you for your continued patience and support.
