MichiCANS DSM Status Component

MichiCANS DSM Status Component

The following is a tentative mock-up of the component that can be added to any document to assist each agency in documenting the status of the MichiCANS Decision Support Model (DSM) Recommendations. For example, it could be placed on the Summary/Disposition page of the BPS/Intake/Annual Assessment or on the Pre-Plan or IPOS/Treatment Plan Meeting document. Each agency may decide where it is placed in their PCE system.
