Re: Revised Rate – Intensive Care Coordination with Wraparound (ICCW) (H2021 and H2021 FH)

Effective June 1, 2025, DWIHN is revising the rate for Intensive Care Coordination with Wraparound (ICCW) (H2021 and H2021 FH). This is in response to MDHHS considering some additional indirect costs to be billable. The revisions are as follows:

Description	Current Rate	Revised Rate
H2021 - Intensive Care Coordination with Wraparound; 15 minute Unit	\$104.73	\$89.02
H2021 FH - Intensive Care Coordination with Wraparound (face to face with child and/or parent); 15 minute Unit	\$107.36	\$91.26

Milliman projected a 20% increase in utilization related to this transition. We are limiting the rate reduction to 15% to accommodate a potential increase in the number of children served due to expanded eligibility criteria.

The rates have been updated in MHWIN and the website will be updated within the next week to reflect these changes. Additionally, any existing claims with dates of service going back to June 1, 2025 have been reconsidered to the revised rates. If you have any questions or concerns, please contact Stacie Durant via email at sdurant@dwihn.org.

Thank you for your continued partnership.
