

4th Annual Opioid Abuse and Heroin Overdose Solutions Summit: Innovative Collaboration for Change

May 16, 2019, 7:30 AM — 4:30 PM
Burton Manor, Livonia

What?

The Greater Detroit Area Health Council (GDAHC) and Detroit Wayne Mental Health Authority (DWMHA) are pleased to announce the *4th Annual Opioid Abuse and Heroin Overdose Solutions Summit* taking place on May 16.

Last year, over 600 registered guests and 50 sponsors and vendors attended the summit, demonstrating the surrounding community's passion in the fight against this epidemic, the drive for new information, and desire for solutions. Participants of the summit are often paving the way in new ventures, collaborations, and opportunities to provide innovative treatment and prevention programs. The Opioid Summit is an opportunity to learn about new advances in prevention and treatment, share information, and build resources to assist in outreach.
